Dear Parents,

Thank you for considering St. Frances Cabrini Catholic School. We look forward to working with you and your child as members of the St. Frances Cabrini community. We are dedicated to the formation of a caring community of families, parishioners, community members, and other supporters.

St. Frances Cabrini Catholic School opened its doors in Fall 2000 to eager students in both pre-kindergarten and kindergarten. Following a successful school year, that first kindergarten class was promoted and the school added a first grade classroom. So has been our story and in Fall 2008, St. Frances Cabrini Catholic School welcomed its first eighth grade class that will serve as our first graduates in May 2009! As a complete PK-8 Catholic school, St. Frances Cabrini is now eligible for accreditation from both the Southern Association of Colleges and Schools and the Florida Catholic Conference and will have our initial accreditation visit in Spring 2009.

Our mission is to work together with families to instill faith and values while providing a supportive and challenging environment for each student to reach his or her full potential. We strive to blend faith and academics offering a challenging core curriculum including daily religious instruction to all students in grades PK-8. St. Frances Cabrini Catholic School currently serves approximately 120 students and offers small class sizes with an approximate 1:8 teacher to student ratio.

We strive to provide families with an affordable education while maintaining the high academic standards synonymous with Catholic education and continue to cultivate a strong sense of community with doors open to students of all faiths.

“From the nature of the Catholic school also stems one of the most significant elements of its educational project: the synthesis between culture and faith. Indeed, knowledge set in the context of faith becomes wisdom and life vision” (*The Catholic School on the Threshold of the Third Millennium*, Congregation for Catholic Education, September 1998).

OPEN YOUR CHILD’S WINDOW TO THE WORLD!
